All,

Thank you for your quick turnaround on this issue. I will attempt to answer all of the questions posed to me in this email.

(b)(5) - Deliberative Process Privilege

(b)(5) - Deliberative Process Privilege

My hope is that I answered more questions than I raised :) I think it's worth remembering that this action is a proposal, and we are free to list any or all options we are considering, and receive comment on them. I am in the process of revising the options selection briefing to reflect the discussion, and I still hope to get it to you on Monday. If you have any more questions or comments, please feel free to send them to me. Have a nice weekend.

Reid, (b)(5) - Deliberative Process Privilege

I will have to discuss this with Deb and others to determine R8's view of this change in the options selection.

Subject: Subpart W Options Selection Status

I just completed briefing my senior management on the options selections for Subpart W. I was directed to make one change in the option on whether (b)(5) - Deliberative Process Privilege

 I would be interested in your thoughts about this change.

I am in the process of revising the briefing for the options selection meeting. It will be a lot shorter, and will deal specifically with the two issues at hand, since we had reached agreement on the other issues, which were provided as background for briefing you management. I hope to have it to you on Monday. As always, thank you for your continued participation.
